Fresh graduate with hands-on experience building analytical systems across credit risk modeling, sports analytics, and business operations. Work has included interpretable machine learning models, business intelligence systems, and decision-support tools aimed at making outputs readable to the people who use them.

PROJECTS

- xFlair - Nutmeg Prediction**

Apr 2026 - May 2026

 - Engineered sports analytics pipeline processing **522K+ StatsBomb** events to predict nutmeg frequency as a proxy for player flair.
 - Redesigned modeling approach from player-level aggregation to **player-match time-series formulation**, removing mathematical tautology and future-data leakage.
 - Improved MAE by **27.9% over baseline** using *XGBoost*, *rolling features with shift(1)*, and *time-series validation*.
- Predictive Credit Scoring System**

Mar 2026 - Apr 2026

 - Built explainable credit-risk pipeline using *XGBoost*, *Optuna*, *SHAP*, and *Streamlit* on **150K records**
 - Achieved **0.8641 AUC-ROC** and detected **55% of defaults** before approval
 - Preventing data leakage** through *stratified split*, *train-only scaling*, and *train-only SMOTE*
- Whser - Smart Operational Dashboard & Decision Support System**

Mar 2025 - Nov 2025

 - Architected dual-layer system separating real-time operational workflows from immutable analytics and decision-support processing.
 - Developed platform with **20 database tables**, **50+ API endpoints**, and automated computation of **8 business KPIs**.
 - Integrated local LLM into human-in-the-loop recommendation workflow

WORK EXPERIENCE

- Practicum Assistant**

Sep 2023 - Jun 2025

Telkom University

Jakarta, Indonesia

 - Facilitated practicum sessions across **4 Information Systems courses**, covering **databases, data mining, business intelligence, and accounting information systems**.
 - Assessed assignments, exams, and project deliverables while ensuring academic quality and consistency.
 - Produced *practicum materials* and *technical exercises* that supported course delivery and improved learning accessibility for students.
- Internship Program**

Aug 2024 - Dec 2024

Vision+

Jakarta, Indonesia

 - Supported **planning and scheduling** operations for content production activities
 - Coordinated with cross-functional teams to align production timelines, resource availability, and workflow execution.
 - Analyzed recurring scheduling delays and operational bottlenecks, identifying opportunities for process improvement and workflow standardization.
 - Developed a **prototype workflow automation system** to improve task tracking, coordination efficiency, and operational visibility.

SKILLS

- Programming & Development:** Python, JavaScript, TypeScript, PHP, SQL, FastAPI, Docker, Git
- Data & Machine Learning:** OLTP, OLAP, Pentaho Data Integration, Database Design, ETL Workflow, ML Model Evaluation
- System & Business Analysis:** Dashboard Development, Decision Support Systems, Power BI, Tableau
- Design & Modeling:** Figma, Visual Paradigm
- Soft Skills:** Analytical problem solver, critical thinker, fast learner, capable of independent execution and clear technical communication.

EDUCATION

- Bachelor of Information System**

Sep 2021 - Jan 2026

Telkom University

 - Selected as Teaching Assistant across **multiple semesters** for **Database Systems, Data Mining, Data Warehouse & Business Intelligence, and Accounting Information Systems**.
 - Contributed to the development of an IoT-based palm oil quality information system module, resulting in a **copyrighted publication** registered with Indonesia's Directorate General of Intellectual Property (**DJKI**).

PUBLICATIONS

- IoT-Based Palm Oil Quality Information System Module**

on Directorate General of Intellectual Property (DJKI), Ministry of Law and Human Rights, Republic of Indonesia

Feb 2024

Contributed to the development of a copyrighted instructional module for an IoT-based palm oil quality information system, officially registered with Indonesia's Directorate General of Intellectual Property (**DJKI**).

LANGUAGES

- Indonesia** (Native proficiency) • **English** (Professional working proficiency)
